Customer Reviews

The "Discovery Kids" really threw me off...This is really more of a DVD for teenagers/adults in my opinion. Bought this for my 4yr old daughter who is very interested in dinos. Thought since it was by "Discovery Kids" it would be more simple. Luckily she is happy watching it but not too sure how many kids would enjoy watching this and could sit through this. Would not recommend for kids younger than 10.

My Daughter Loves it.

Learn about how dinos populated the planet on the dvd

Love it

Gift to a 4 y.o. " authority" on the subject. He loved it!
