I like how Mr King does NOT come off as a "copycat" of sorts in his rendition of astrological numerology. It's refreshing to read a unique perspective on relationships of all sorts using numerology. I know at times it's not possible to get everyone's birthday calculation, but paying close attention to certain mannerisms and how such behavior coordinates with a specific numeric vibration can get you close, if you will, to maneuvering any "relationship" dynamic.

Great book for beginners looking to learn more about numerology. This information is extremely useful, especially when it comes to relationships.

As a number 3 with a compound of 12, I learned a lot about myself through King Simon's work. The content in this book was very concise and accurate in regards to my life. Best \$9.99 I've ever spent.

Book is okay just wasn't enough information. I just expected more information.
