Customer Reviews

This book certainly has some very useful tidbits if you are into Demon the Fallen, but I personally think these are things which could have really easily have been fit into the base book or player's guide. Considering this book's small size it should be less expensive. Unlike the player's guide or base book it isn't a necessity if your going to play/st demon, but it is helpful.

Every game has a companion book that is only for the GM or in this case the story teller. While this book can be useful and add a few cool little items to the mix it isn't really necessary to get into the game. Those that are only semi-into the game shouldn't bother with this, but hard core gammers and those that want to finish off a collection should pick it up.
