Customer Reviews

I can't remember how many books I've checked out from the library, hoping to find that "magic one" that will tell me all about the craft of writing articles. Finally, I stumbled upon this one. After using up all of my renewal passes at the local library, I bought the book. It's quite simply a really good read. The advice given is practical and sound. Would give the book a 10 if allowed it. :)
