Policy And Politics For Nurses And Other Health Professionals

Synopsis

Each new print copy includes Navigate 2 Advantage Access that unlocks a comprehensive and interactive eBook, student practice activities and assessments, a full suite of instructor resources, and learning analytics reporting tools. *Policy and Politics for Nurses and Other Health Professionals, Second Edition* focuses on the idea that all health care providers require a fundamental understanding of the health care system including but not limited to knowledge required to practice their discipline. The text discusses how health care professionals must also prepare themselves to engage in the economic, political and policy dimensions of health care. The Second Edition offers a nursing focus with an interdisciplinary approach intertwined to create an understanding of health care practice and policy. The text is enriched through the contributions from nurses and other health professionals including activists, politicians, and economists who comprehend the forces of healthcare in America how their impact on the everyday provider. The new edition features key updates on the current health care environment including the Affordable Care Act. Instructor Resources include: Test Bank Web Link Resources PowerPoint Slides

Customer Reviews

Very well written book for difficult concepts. Later edit: I rented this book for my previous class, but kept it over the time because it was so pertinent to the research of my following class. did it's part to email me about the upcoming deadlines to return the book-- but I missed them. However, I am not sorry to keep this book because the information has been such a help to my professional education.

I didn't like or dislike the book. It was for a class. But delivery was quick (much faster than the stated delivery date) and the book was intact.

Fast shipping, perfect for my class.

Great item

Easy read

I need this book to be able to be read by my app and the fact that you can only do this on Kindle makes my studying using this so much harder. No more kindle books for me.
