Customer Reviews

"You are moving on the wings of Light to a new harmonic. We know about sound, and we know about flight. We can lift you up and help you fly. These Bird Cards are given to you all to connect with us, so that we can begin our task of moving you to this lighter expression of yourselves. We do things joyously, so this will be joyous too. Each of you is beautiful beyond your present very limited conception of yourselves. We see the beauty in you; we know where you have come from and we know where you are going--come with us." - From the Bird Cards companion book

Marrying the insightful prose of South African author Jane Toerian with the soft, colorful renderings of Netherlander Joyce Van Dobben, the Bird Cards box set is a gentle yet powerful gift from the bird realm. From Robin to Crow, Hummingbird to the Phoenix, the Bird Cards oracle deck offers 55 cards dedicated to imparting feathered wisdom to the human realm. The 159-page companion book provides affirmations and messages from each bird, as well as seven comprehensive spreads, artist

notes and the fascinating introduction into the creation and birth of the Bird Cards set. By tapping into the overlighting consciousness of each bird through divination, intention or affirmation, we can gain both wide perspective and minute insight into whatever concerns or perplexes us. For example, if you draw the Duck card, you may be extremely hard on yourself and the overlighting Duck energy wants to alert you to ways that you are self-destructive--and where, and why, you need to give yourself more credit and support.
