I love historical fiction and the medieval time period especially, clean fantasy (Lewis and Tolkien, of course), allegories if they're good ones (if I agree with the theology)--you get the picture. So this seemed like a good fit for me. However, I'm usually disappointed in the quality of modern writing,

and some Christian fiction is completely unreadable. I hardly bother looking any more--I usually spend my reading time on nonfiction. I'm pleased to say that by the end of the book, I gave this a "pass" ("Whew!" the author is saying--'cause I'm a picky one!) and I'm looking forward to the rest of the series, and Chuck's other books eventually. I thought the story was well told, the characters believable, and the allegory just strong enough but not overdone (which would distract from enjoyment of the tale). The Christian truths that were portrayed fit my own beliefs, and also gave me new things to think about. I like stories that stretch my thinking like this. (C.S. Lewis does it best.) I gave this just 4 stars because the writing style, although good, is not quite up there with the best literature (and I must reserve my 5-star rating so that it really means something!). I liked Chuck's descriptions and turns of phrase, and he strikes a good balance between too little detail and too much. Each chapter was well-constructed and ended with suspense, and overall, the story was tight and complete--no loose ends left to bug me later (I hate that!). Now that I've looked up his bio and read more about him, I'm amazed that a former fighter pilot and current engineer can also write good fiction (and where does he find the time, with that lovely big family?!).
